

ZÉLL-V[®]

Platinum Plus

Sheep Placenta Extract
30,000mg

“ Always 25, I did it

年年25，我做到了”

Cellular Therapy

The Most Complete Anti-ageing Method

Cells are the basis of life. The negative aspects of our modern life, including bad dietary habits, stress, anxiety, alcohol consumption, medication, smoking and environmental pollution damage our cells and accelerate cellular degeneration, leading to rapid decline of our tissue and organ functions.

Are wrinkles and dark spots beginning to appear on your face? Do you often feel lethargic? Is your memory poor? Do you have insomnia and thinning, greying hair? These are all signs of cellular degeneration. The good news is, ageing can be stopped, delayed and even reversed! ZÉLL-V Cellular Therapy wants to help you defy ageing and restore your health, vitality and youth, so that you can feel and look great and live an exciting, purposeful life.

ZÉLL-V Platinum Plus 30,000mg

Enhanced Formulation for the Miracle of Youth

When our cells are healthy, our body is healthy. When our cells are youthful, we shall look and feel young again. The enhanced formula of ZÉLL-V Platinum Plus Sheep Placenta Extract is created using the ZÉLL-VTech advanced extraction method to obtain 600mg extract from 30,000mg of fresh sheep placenta in one single softgel, providing you with a double dose of anti-ageing effect. It is convenient and ideal for those with busy lives as only one softgel is needed each day for a thorough, 24-hour regenerative effect.

6 Mins to Kick Start Cellular Rejuvenation

ZÉLL-V Platinum Plus is produced using the cutting-edge Eudragit® technology for improved stability, targeted release and higher efficacy. The ingredients are absorbed by the body within six minutes to immediately kick start the rejuvenation process, making you feel energised and revitalised in an instant.

24-hour Cellular Repair

The double-strength ZÉLL-V Platinum Plus provides you with 24-hour rejuvenation of the cells of your whole body with just one softgel, allowing you to enjoy excellent health and vitality throughout the day and an improved quality of life.

Ingredients in Each Activated Softgel:

2X
Activating
Factors

Each ZÉLL-V Platinum Plus softgel contains 600mg of active cellular material extracted from 30,000mg of fresh sheep placenta. This double content of active, young cells provides 24 hours of cellular repair and rejuvenation of your entire body.

Growth
Factors
&
Transfer
Factors

Growth factors stimulate cell proliferation and differentiation. They act as signalling molecules between cells and regulate various cellular processes.

Transfer factors help immune cells identify invading germs more quickly and speed up the immune system's response against the invasion.

2X
Shark Liver
Oil

Boosts immunity, fights off infections, promotes wound healing, Lowers blood pressure and blood sugar level, etc.

2X
Grape Seed
Oil

Double dose of antioxidants to give you double protection and anti-ageing effect, thus increasing your immunity and keeping your skin firm and elastic.

Eudragit®

The latest improved ZÉLL-V Platinum Plus softgel has been treated with Eudragit® technology, resulting in increased stability, precise and targeted delivery, and improved bioavailability and efficacy.

ZÉLL-V

Exclusive Swiss and German Formulation

ZÉLL-V Platinum Plus is accredited by the International Association for Organ and Stem Cell Therapy Specialists Switzerland and Germany (IAOSS) and the German Society for Thymus Therapy (GSTT), which has 80 years of history. It is manufactured under strict safety and quality regulations of Good Manufacturing Practices (GMP) and Hazard Analysis and Critical Control Points (HACCP), as well as being fully conformed to the rules and regulations of the New Zealand Medicines and Medical Devices Safety Authority (MEDSAFE) and the New Zealand Food and Drug Administration (NZFDA). Rest assured that you are consuming an extremely safe and quality product.

Manufactured in New Zealand :
ALPHA LABORATORIES (NZ) LTD

Close Colony Breeding Method to Ensure Purity

ZÉLL-V's unique sheep breeding method is one of the key elements that set it apart from other sheep placenta products. In order to extract the freshest and healthiest cells, millions of sheep are separately bred in groups in the most high-tech laboratories of New Zealand using the

"close colony" breeding method. Each group is tended by a specialist within a confined area. This method effectively prevents infections and diseases and ensures the excellent quality of ZÉLL-V sheep placenta products.

Amazing Benefits of ZÉLL-V:

1-2 Weeks
